NORDUnet 2011 conference sponsorship program

NORDUnet conference is a well-established and traditional networking conference. It is organized every 18 months by the Nordic research and education network NORDUnet together with one of the five national research networking organizations. It brings together networking, network services, grid, and computing professionals and users from the Nordic countries, Europe and global communities.

The 26th NORDUnet conference

The 26th NORDUnet conference will be held in Reykjavik, Iceland, June 7-9 2011.

NORDUnet 2011 is the Nordic networking meeting place, bringing together the networking community from Nordic universities and NRENs, along with their European and global colleagues. Our aim is to showcase Nordic, European & Global collaborations, as well as future developments, current challenges and recent results within the topics and areas covered by the conference.

Session topics will include Demanding Applications – Video & Imagine in Science - Next-Generation Transport Technologies – Sensor networks and Internet of Things - Federated Identities - Federated Networking - Privacy and Security - e-Education - Collaborative Tools – Impact of Mobile Technologies -- Storage Services

In addition, the conference this year also has an emphasis on the needs and challenges of campus CIO's, including CIO's Greatest Challenges, Outsourcing, Student of Tomorrow, Privacy Policy, and more

The 26th NORDUnet conference is organized by NORDUnet and RHnet.
