Funet service update

- **Kaltura -lecture capturing**
 - Piloting has started with one Finnish University of Applied Sciences
 - About 10 universities are waiting for the results and service in production
 - More information needed (from NORDUnet/Sunet/DeiC) about agreements
- **Box service**
 - Considering some changes in the service Y2016
 - Service is not adopted much in Finland
- **eduroam**
 - Successful roaming logins in root-fi approaching 3 Million/month
 - Planning to spread eduroam, maybe via tendering like Sunet did...
- **GN4**
 - Phase 2 Activities does not include Campus Best Practices anymore(?)
