201410 - Public report

Unscheduled:

- October 28th: We had a link outage on the west red network. The reason was a fiber cut made by construction work.
- October 14th: We had an outage to NDGF and loss of redundancy to LIU, this was due to a faulty card that was replaced.
- October 8th: We did notice short flaps on south green network. No RFO found.
